Love With The Dragon**

Once in the deep dark woods...

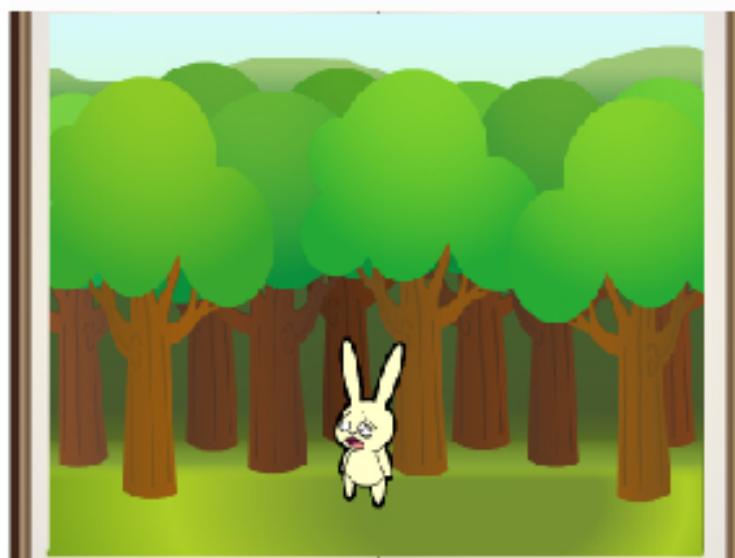

*sat a little rabbit who was looking
for love.*

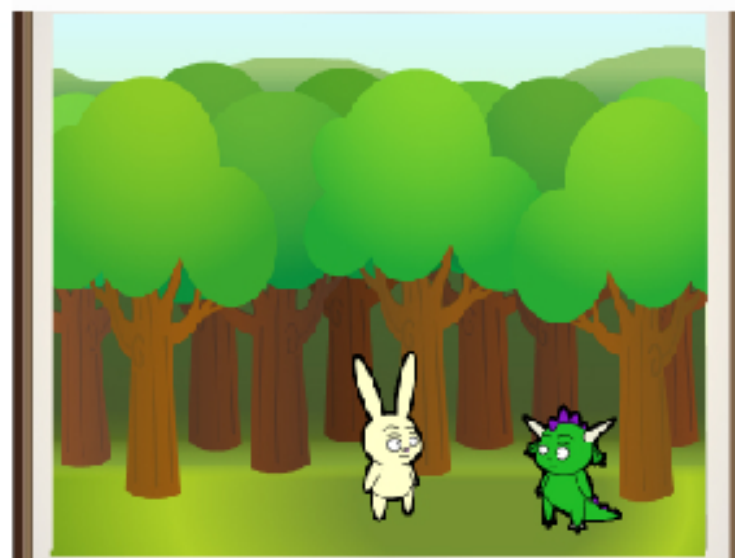

"O'h, how I wish I had a friend to share my memories!" he roared. The rabbit roared.

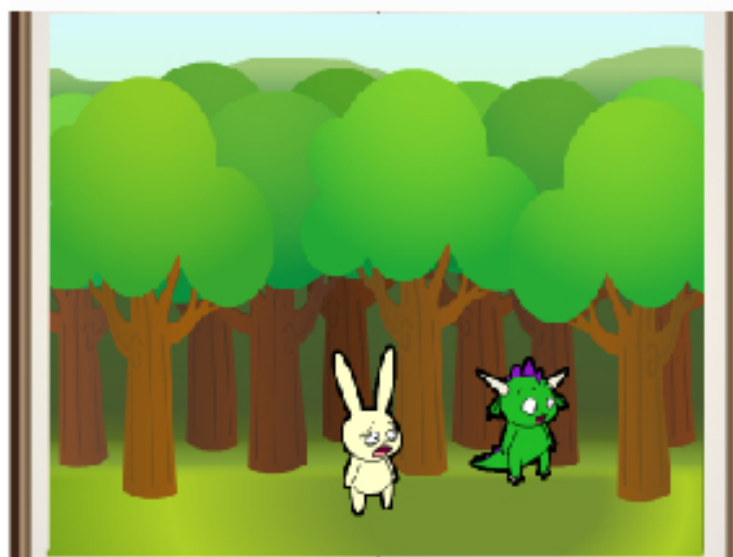

The Rabbit was really lonely! After all, nobdy likes to be lonely so you can see why he was sad. The rabbit sat.

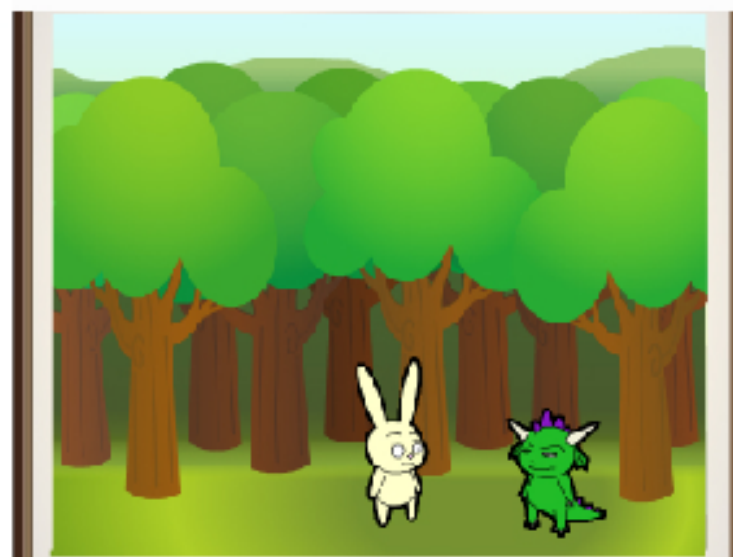

As the rabbit sat all alone i the woods, suddenly he heard a sound, it was very quiet and he grew more concered each time he heard it. The rabbit was worried.

As he worried even more, suddenly came along a big green object, it was a...a...a...DRAGON!!!

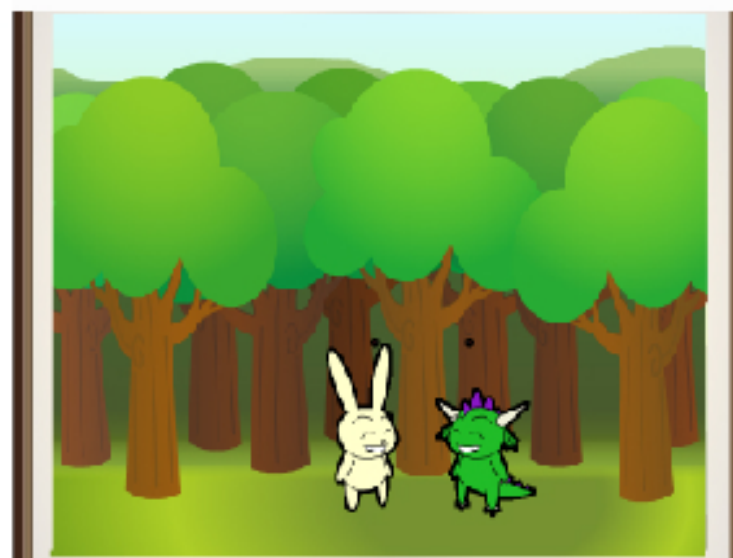

"Who are you?" He questioned

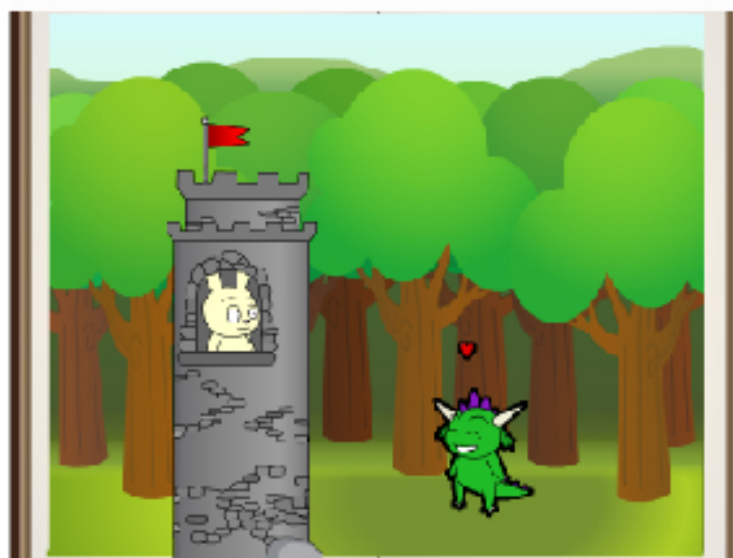

The rabbit didn't seem to be scared now. As the dragon looked sly, the rabbit got brave.

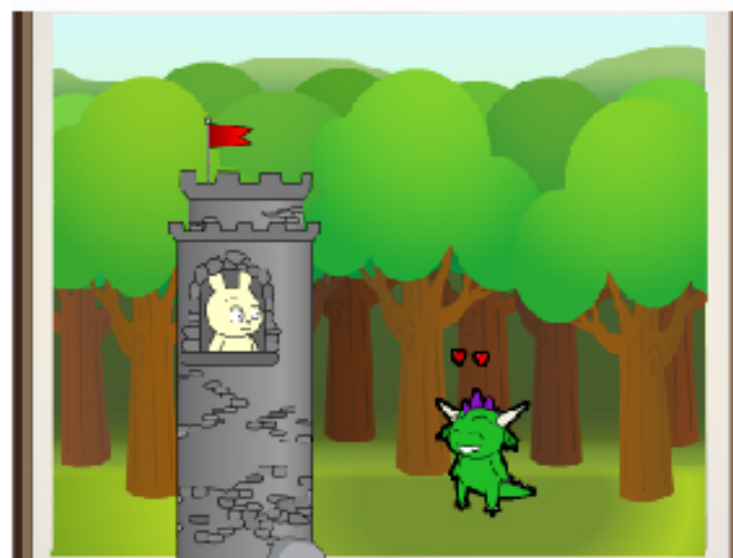

"I LOVE YOU! The dragon coughed up!

The rabbit turned the other way to face him and..." I LOVE YOU TOO" They got closer and, ahhhh, a kiss on the lips, now that's love!

The rabbit went into the castle and climbed to the highest level. "Do you want to play Rome & Juliette" the dragon asked

So they did!!!

The rabbit and the dragon were madly in love, on there way down the road when...the rabbit took off in a flying saucer! "NO" screamed the dragon

The dragon was sad now. The rabbit jumped into the UFO. The rabbit jumped into the UFO. The rabbit jumped into the UFO. The rabbit jumped into the UFO.

THE END!
